- ◆ Complete Part Manufacturing
- ◆ Including Plating, Heat Treating, Grinding and Other Processes
- ◆ Steel, Aluminum, Brass, Plastics and Other Materials

Modern, Productive, Efficient & Close Tolerance Equipment

Doosan HC400II CNC Horizontal
Machining Centers

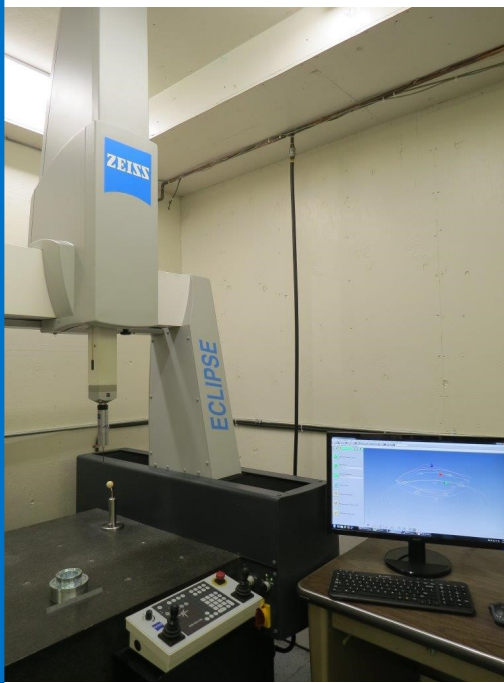

Citizen Cincom L32
CNC Swiss Turning Centers

- ◆ Milling Capability up to 84".
- ◆ Lathe Capacity 1/8" to 30" Dia. up to 10 ft. in Length.
- ◆ Swiss Machining up to 32 mm (1-1/4") Multi-Spindle, Multi-Task, Live Tooling (Milling Capability).

Zeiss Eclipse 550 DCC CMM
 X: 20" Y: 20" Z: 20"
 Programmable & Motorized
 w/ Calypso Software

Quality

At Galaxy Precision, quality - which includes being within tolerances and using high-grade materials - is at the foundation of everything we do.

Our well-equipped Quality Control Dept. is ISO 9001:2015 Certified. We can provide first piece, in-process, and final inspection documentation as requested by you, our client.

Software

- ◆ Solidworks for Drafting
- ◆ Gibbs Cam for CNC Programming
- ◆ JobBOSS² Manufacturing System

ISO 9001:2015
 Certified

Equipment

Galaxy Precision Operates 30 CNC Machines

- ◆ 9 - CNC Vertical Machining Centers
- ◆ 4 - CNC Horizontal Machining Centers
- ◆ 11 - CNC Turning Centers
- ◆ 3 - CNC Turning Centers with Milling Capability
- ◆ 3 - CNC Citizen Swiss Turning Centers, Multi-Spindle, Multi-Axis Milling Capability
- ◆ 2 - Spartan 13" Dia. Automatic Saws

Doosan Puma 3100ULY CNC Lathe ◆ 10 foot Length Capacity
 Live Tooling (Milling Capability), Y-Axis (Above and Below Center Machining),
 C-Axis (Spindle Indexing) & Steady-Rest.

Precision CNC Turning, Milling & Swiss Machining

◆ In Business For Over 30 Years ◆ Family Owned ◆ 35 Employees ◆
